

FACTOR A COMPUTER SERVICES
1230 SOUTH 116TH ST
SEATTLE, WA 98168

January 1, 2008

To all customers of Hall of Fame Services:

My company, Factor A, has been in business for twenty years. We offer consulting, network programming and ISP services to multiple companies.

Hall of Fame Services, which sponsors the Mother's Hall of Fame and Father's Hall of Fame has contracted with Factor A to provide dedicated server space and hosting services for a minimum of five years in advance. This letter certifies that they have paid for ISP services through January 1, 2013. My agreement with Hall of Fame Services calls for them to pay an additional year every year on January 1st, making sure that even if they cease operations, the existing website will continue to be in place on our server for a minimum of five more years.

Additionally, I know the owners of Hall of Fame Services personally and if they say something, they always keep their word. I think you will enjoy their new product and I'm sure you'll be pleased to view it on the website for many years to come.

Sincerely,

A handwritten signature in black ink, appearing to read 'Antonio Abola', with a long horizontal flourish extending to the right.

Antonio Abola
President
